

PEACE FIRST

Executive Associate

ABOUT PEACE FIRST

Peace First was founded on a simple idea: if we are going to solve the world's greatest injustices, we must support this generation of young people with the skills and commitments to solve problems by connecting across lines of difference with compassion, standing up for ideals and others with courage, and creating collaborative change. This is what we call peacemaking.

Currently, there are 1.6 billion young people, ages 13-25, around the world. They care deeply about what's going on, they have boundless ideas on how to solve injustices and are ready to act yet seldom are they asked by adults what they think or, better yet, supported in bringing their ideas to life. Few have access to tools, mentors, and resources to turn their insights into reality. This is the divide we bridge.

Peace First provides a blended digital design platform where young people can imagine and create powerful innovations to solve real problems in the world. In addition to digital design tools, we provide mentors, connections with young people from over 130 countries, and small start-up grants that start at \$250 and scale up to \$25,000 as youth scale their work. All of this takes place on the Peace First platform — the world's largest marketplace for youth-led social change initiatives.

In order for us to achieve our long-term goal of supporting a movement of 2.5 million engaged, compassionate, and creative youth, Peace First is launching a **\$10 million Global Youth Investment Fund** to provide the financial spark to support efforts for social change. It will be the single largest investment in youth social action...ever.

A key element of our strategic plan is to build out our team of talented professionals. We actively recruit, retain, and develop a multicultural and dynamic workforce that effectively and efficiently meets the wide spectrum of young people's needs across the globe. We believe that an inclusive and open environment fosters creativity, contributes to the quality of our work, and provides growth opportunities for all employees.

To that end, we are seeking individuals who are excited about fostering this inclusive culture and working in an entrepreneurial environment where there is an immediate opportunity to have tangible impact on organizational direction and achievement. We are a team based around the world who thrive in an environment that embodies and celebrates the following:

- Possession of a deep belief in the ability of young people to create change
- Ability to adapt and apply skills to new and changing scopes of work

- Eagerness for more responsibility and exposure to new challenges
- Motivation to solve problems by taking initiative and trying new ways of doing things
- Enthusiasm for connecting others to our mission and providing them with powerful experiences
- Openness to working with others across diverse perspectives and backgrounds
